

The Wye's Mouth

Barony of Wyewood ~ Anno Societatis XLVIII (48) ~ Issue I

Wyewood's journey to become a Barony began in A.S. XLIII under the guidance of Sebastian Frasser. Leveraging the knowledge gained in that effort, Constantine Trepenny again rallied the cause during his time of service to the branch. With much perseverance, planning and paperwork the branch was elevated to a barony at the Kingdom Arts & Science Competition on Saturday, March 2, 2013, (A.S. XLVII) in the Barony of Blatha an Oir. Now comes the first Baron and Baroness of Wyewood. All greet their Excellencies in song and deed the celebrated Robert de la Trinitie & Gabrielle Lepinay.

A missive from their Excellencies Greetings to the wonderful Barony of Wyewood!

Quite a few things have transpired since Wyewood leaped into its new status. Our first Champions tourney. Our first A&S event and our first public demo as a Barony.

Again, we have always been impressed with everything our populace does and the panache they use to do it. We thank all of you from the bottoms of our hearts. We couldn't be more proud of how you make our Barony look. We also thank you for all of the help you have given our neighbors during recent events. We wish to thank those of you who assisted us during our event outings. We also wish to personally thank those brave souls who keep us on track.

Our heralds are making progress on getting our basic award structures and names shepherded through the heraldic process. Award tokens for both the awards we do have approved and those pending are in the process of being designed and/or manufactured.

Speaking of awards. If you recommend a gentle to the crown for an award. Please forward a copy to our Blake Shepe herald and us. For it improves the odds of the award being recommended if more than one person makes the recommendation. This is one of many tasks required of us in which we will cheerfully help our populace.

Thank you all again for making the dream happen for all of us.
